Saturday, March 25, 2017

UNIVERSITY OF TORONTO  
SCARBOROUGH

UNIVERSITY OF  
**TORONTO**  
SCARBOROUGH

# University of Toronto Scarborough WELCOME!

The University of Toronto Scarborough is at an exciting threshold. High-performing students and faculty in greater numbers, novel programming and new state-of-the-art facilities have transformed UTSC into a comprehensive research-intensive university. From a one-building campus launched in 1964, we have flourished and offer exceptional undergraduate and graduate programs, a robust research environment, premier cooperative educational opportunities, outstanding physical spaces, and a vibrant international perspective.

## VIBRANT CAMPUS

Set on the spectacular Highland Creek Valley, U of T Scarborough is a growing campus located in Canada's largest city. It is an urban campus on the edge of nature

## INNOVATIVE RESEARCH

As part of Canada's pre-eminent research university, U of T Scarborough hosts strong graduate programs and highly regarded research centres — and has a history of bringing intellectual resources to bear on issues of public concern

## GLOBAL REACH

Our global connections continue to grow through exchange programs, research partnerships and international Co-op placements. UTSC's international students bring fresh perspectives and contribute both to the campus's academic achievements and its community partnerships

## ENERGETIC STUDENTS

UTSC continues to be a popular first choice for students from the eastern GTA and around the world. Our diverse student body brings its many talents not only to academic excellence, but also to improving the world around us

## ENGAGED LEARNING

Our students benefit from world-class instructors using the best of traditional and innovative teaching methods. Students put their learning to work through Co-op, internship, service learning and research opportunities in the city and the local community

# Your application is in. It's time to preview **YOUR FUTURE**

You're just a few steps away from beginning your educational experience, so what's next? We will send you information about everything from financing your education to enrolling in courses. Keep an eye out for emails and packages in the mail. To get you started, here are the answers to some of the most common questions students have after they apply.

## **WHEN WILL I GET A DECISION ON MY APPLICATION?**

We send offers of admission to current Ontario high school students in February, March, and May. If you applied by the deadline and haven't received an admission decision yet, don't worry! We send out the majority of offers in March and May. You will have an application decision by the end of May.

If you applied using the 105 OUAC application form, offers are sent throughout the year. Be sure to check your application status through the JOIN U of T Portal to make sure that your application is complete. Notices are typically sent out 6-8 weeks after your application is complete.

If you do receive an offer of admission, don't forget to accept it! Follow the instructions in your offer package and reply by the response deadline outlined in your offer letter.

## **I ACCEPTED MY OFFER; WHEN DO I REGISTER FOR COURSES AND PAY TUITION?**

All incoming first-year students register for courses in early July. We will send you information about your course enrolment date and time. The deadline for paying first-year tuition is in mid-August. After you register for your courses in July, your tuition invoice and payment instructions will become available for you to access.

## **I APPLIED TO LIFE SCIENCES, BUT I'M ALSO INTERESTED IN STUDYING OTHER SUBJECTS. CAN I TAKE COURSES IN THESE OTHER AREAS TOO?**

You may have decided to study a specific program, but you can actually combine programs at UTSC to suit your academic interests! Your U of T degree can be built in the following ways:

**1 SPECIALIST or 2 MAJORS or 1 MAJOR + 2 MINORS**

A **SPECIALIST** program provides you with an in-depth, focused, and sophisticated understanding of a subject area. Of the 20 credits that you will need to graduate, a specialist program can satisfy between 12 – 16 credits, depending on the program.

A **MAJOR** program is designed to provide you with a concentrated understanding within an academic field. It is not enough to study one major program, so you will be expected to combine your major with an additional major program, or two minors. One major program can satisfy between 7 – 8 credits, depending on the program.

A **MINOR** program gives you the flexibility to diversify your academic portfolio and shape your degree based on what you love. It will introduce you to a subject area and allow you to augment skills that can be applied to other fields. One minor program can satisfy 4 credits.

## **WHICH COURSES SHOULD I TAKE IN MY FIRST YEAR?**

Visit our **Program Information Fairs** today to find out! Representatives from each program can give you first-year course lists to guide you. Collect these lists from all program areas that interest you! After accepting your offer, we encourage you to attend the "Get Started" event, a full-day academic orientation that will help you plan for a successful first year. For more information and to register, visit [utsc.utoronto.ca/getstarted](https://utsc.utoronto.ca/getstarted).

# You don't know what you don't know!

# QUESTIONS TO ASK TODAY

## AT THE PROGRAM INFORMATION FAIRS

- What type of courses would I be taking in first year?
- What will my class sizes be like?
- Can I take any electives or can I only take courses in my program?
- How do I know which courses I need to take for the program I am interested in?
- How many courses do I need to take in first year?
- What internship/research/job opportunities does your department offer?
- What is the difference between the Specialist, Major and Minor in your department?
- What advice would you give a student who wants to study in your program?
- For Joint programs (Journalism, Paramedicine, and New Media Studies), when do I go to Centennial College? How many courses will I take there?

## AT THE STUDENT SERVICES AND STUDENT LIFE & EXPERIENCE FAIRS

- How does your service support my education?
- What resources are available through your service?
- What are some ways to get involved on campus?
- What kind of academic support is available to me?
- Do I have to purchase a membership to use the gym?
- What sports team do we have and how do I join them?
- What fitness classes are available?
- Do you have a pool on campus?

## ON YOUR RESIDENCE TOUR

- Do I get to pick the style of room where I will be placed?
- How are roommates assigned?
- What opportunities are available to get involved and meet new people?
- What if I don't get along with my roommate(s)?
- When is the deadline to apply to ensure I am guaranteed a spot in residence?
- Do I have to select a meal plan?

## ON YOUR CAMPUS TOUR

- How long does it take to walk from one side of the campus to the other?
- How many students are on this campus?
- What's your favourite spot on campus and why?
- Can I ask the professor for help if I have questions? Are they easy to talk to?
- Is there a specific building for each faculty/program?
- What are some fun things to do on or around campus?

# Today's SCHEDULE

General Information Sessions	11am	12pm	1pm	2pm
<b>Admissions Updates, Why UTSC, and Next Steps</b>				
Arts & Science Programs	AA 112 & AC 223			
Management Programs (including Co-op Management)	IC 130			
<b>Preparing for Professional &amp; Grad Programs.</b> From medical school to social work, master's and doctoral studies, discover some of U of T's esteemed professional and graduate programs.		HW 216		
<b>Financing Your Education.</b> Discuss money matters including budgeting, scholarships and financial aid.			SW 319	SW 319

Our Co-op students in Psychology & Mental Health Studies would like to invite you to discover what they've accomplished during their work terms.

**And don't miss the Photo Booth in the Meeting Place!** 📸 🙌 😄

We wish to acknowledge this land on which the University of Toronto operates. For thousands of years it has been the traditional land of the Huron-Wendat, the Seneca, and most recently, the Mississaugas of the Credit River. Today, this meeting place is still the home to many Indigenous people from across Turtle Island and we are grateful to have the opportunity to work on this land.
