Non-Budgetary Cross-Appointments
A Non-budgetary Cross-appointment is one that is offered by a department at UTSC to a faculty member who currently holds a salaried appointment in another unit at the University of Toronto.

• Prior to recommending the appointment, the Chair should consult with the departmental appointments committee and receive written approval from the Chair of the faculty member’s home (budget) department.
• Appointments are normally made for a fixed term of up to five years and are renewable.
• Letters of appointment should follow the format of the template letter appended below.
• Approval of the Dean is required for non-budgetary cross-appointments and renewal may be granted at the Dean’s discretion. The Dean should receive a copy of the notice of appointment.
