

TRANSFER CREDIT INFORMATION SHEET

HOW TO READ YOUR ASSESSMENT & DEFINITION OF TERMS

| Course Code | Title | Weight |
|-------------|--|--------|
| PSYA01H3 | Transfer Credit Equivalent – York University | 0.50 |
| PSYB*** | Transfer Credit Equivalent – Psychology of Women York University (BR=SocBeh) | 0.50 |
| STAA*** | Transfer Credit Equivalent – Introduction to Statistics York University (BR=Quant) | 1.00 |

Credits Earned: 2.00

You may not enrol for degree credit in the following course(s) or in any course(s) listed in the Calendar as exclusion(s) since the content overlaps with your previous studies: STAB22H3.

| | |
|-------------------------|---|
| PSYA01H3 | This is a specified first year half credit Psychology course at UTSC. |
| PSYB*** | This is an unspecified second year half credit Psychology course at UTSC. |
| STAB*** | This is an unspecified second year full credit Statistics course at UTSC. |
| Generic Credit | A generic credit is granted for which no equivalent discipline exists at UTSC. E.g. HUM (Humanities), SSC (Social Science), SCI (Science) and USP (No category) |
| Retained Credits | Courses completed at the Faculty of Arts and Science or University of Toronto Mississauga and transferred to UTSC are called retained credits. The final grades are included in the calculation of your U of T GPA. |
| Credit Weight | Credits are granted as either half (0.5) or full (1.0) credits. |

HOW WE GRANT TRANSFER CREDITS

Normally, a final grade of at least “C” is required to receive transfer credit. Courses that are graded on a pass/fail basis are not considered for transfer credit. Finally, grades received at your home institution are not transferred or used in your U of T grade point average (GPA).

WHAT IS AN “EXCLUSION”?

An exclusion is a course in which you cannot enrol for degree credit because its content overlaps with one for which you have been granted transfer credit.

The ultimate responsibility rests with you for ensuring that your course selection is consistent with the rules in the UTSC Academic Calendar and remember that you should not enrol in *any* courses that are listed as exclusions.

For example, if BIOC17H3 is listed as an exclusion course, you may not enrol in BIOB10H3, B11, B12, B32, B33 or B52 for credit.

WHAT IS AN “EXTRA”?

An “extra” is a course that will not be included in your GPA or count towards your degree, but may count towards your program or breadth requirements if you receive approval from a Program Supervisor.

4 CREDITS = CHOOSE A PROGRAM

If you expect to receive 4.0 or more transfer credits, you must declare your Subject POST (program of study) prior to choosing your courses. Please review the New Students section of the Registration Guide for instructions on how to do this. The Registration Guide is available for pickup at the Registrar's Office and from their website: www.utsc.utoronto.ca/registrar

INTERNAL TRANSFER TO UTSC

If you are transferring to UTSC from another division at U of T, please keep in mind that half of your credits and program requirements (i.e. 10 credits) must be completed at UTSC. For more information, refer to the Courses on Other Campuses section of the UTSC Calendar or contact your Program Supervisor.

SUMMER COURSES

If you are taking summer courses, please arrange to have an official transcript sent directly to the UTSC Admissions and Student Recruitment Office. There will not be any additional cost for summer courses to be assessed for transfer credits.

PLAN AHEAD

Make an academic plan and determine how many program courses and electives you need prior to transferring. If you have questions about the requirements for your degree or program, contact your Program Supervisor or the Registrar's Office at 416-287-7001.

RESPONSIBILITY

You are responsible for adhering to all degree, program, and academic regulations as stated in the University of Toronto Scarborough Calendar.
