

[DCD #5 2018-19]

MEMORANDUM

To: Chairs and Academic Directors

From: Professor Mark Schmuckler, Vice-Dean Undergraduate

Date: 4 February 2019

Re: Expert Panel on Undergraduate Student Educational Experience (USEE)

Students, staff and faculty are invited to provide their feedback on the [draft vision](#) for undergraduate student experience. Please attend one of the consultation sessions to be held at UTSC this **Thursday, 7 February 2019** in the Environmental Science and Chemistry Building (EV140):

- **11:00am-12:00pm - Staff session**
- **12:00pm-1:00pm - Student session**
- **1:00pm-2:00pm - Faculty session**

The [Expert Panel on Undergraduate Student Educational Experience \(USEE\)](#) is tasked with consulting with the University community to enunciate and enliven our shared vision for the undergraduate educational experience at the University of Toronto. As per the Panel's [Terms of Reference](#), this vision:

- builds on the University's strength and international reputation in academic and research excellence;
- recognizes the value of differentiation in terms of student educational experience within our various Faculties, colleges, campuses, and departments;
- emphasizes the common threads connecting student educational experience across academic and administrative units; and
- enhances the benefits of collaboration at a vast institution like ours.

I would be very appreciative if you would share this information with both Faculty and Staff within your unit, and encourage individuals from these constituencies to attend these consultation sessions.
