Call date: 30 October 2018; Deadline for applications: Extended to 7 December 2018

The Office of the Dean has established a Mentorship Initiatives Fund (MIF) to support grass-roots initiatives of UTSC Faculty or Librarians aimed at supporting career development through mentorship. Any UTSC UTFA-appointed faculty (part-time, full-time and CLTA’s; tenure stream or teaching stream) and full-time librarians are eligible to apply. Each faculty member may be the lead applicant on only one application in each competition round, although faculty members may be involved as collaborators on more than one proposal.

Examples of eligible proposals include but are not limited to: regular opportunities for informal discussion (e.g. a lunch discussion series), invited speakers, panel discussions, mentorship workshops or symposia. Proposals may focus on activities for affinity groups (e.g., these might be based on librarian or faculty rank, stream, or other self-identified demographics) or communities of practice (e.g., based on field of scholarly interest). Funding may be for a single event, or for a number of planned meetings occurring throughout a term or one academic year. Funded activities are expected to take place at UTSC.

Applications are now being considered for initiatives to be implemented during the 2018/2019 or 2019/2020 academic year.

Fund Allocation & Adjudication:

- Up to $15,000 is available in this first call for applications. It is anticipated that this will be used to support several proposals.
- Examples of types of eligible proposals are above. Expenses related to research projects or course/curricular development are not eligible, unless:
  - research or course/curricular development pertains to best practices or innovations in mentorship, or
  - research or course/curricular development capacity of faculty members is pursued through mentorship (e.g., in a community of practice)
- Proposals will be reviewed by the Mentoring Excellence and Diversity (MEAD) Steering Committee, who recommend allocation of funds to the Vice Dean Faculty Affairs & Equity.
- Favourable review will require:
  - clearly articulated need for the proposed initiative
  - communication of the expected impact of the proposed initiative
  - support from the literature or elsewhere that suggests the approach suggested follows recommended practices for effective mentorship
