**Preamble**

The University of Toronto Scarborough has a thriving cadre of outstanding faculty in the Teaching Stream. As recognized in the UTSC Guidelines for the Assessment of Effectiveness of Teaching⁴, “Faculty members in the Teaching Stream are engaged in a career that combines high levels of expertise in their field with a focus on excellence in teaching.” Moreover, the establishment of the full range of ranks in the Teaching Stream (Assistant Professor Teaching Stream, Associate Professor Teaching Stream, and Professor Teaching Stream) “…indicates the importance of these contributions to the high standards of the University, and provides the framework through which a scholarly approach to teaching excellence and innovation is mandated, supported, and recognized⁵.”
