Phone #: 287-7468

T.A: **TBA**
Office: S-567
Office Hours: TBA

Text: 1. *Experimental Methodology (7th)* by L.B. Christensen

Grading

Your final grade will be based on two methodology/results summary papers (10% each) an experiment summary (10%), a mid-term (30%), and a final examination (40%). The methodology/results summary and the experiment summary papers will be due one week after they are assigned. The date of the mid-term will be announced in class during the first few weeks. The date of the final examination will be arranged by the registrar and announced in class. Late assignments will be docked 10% of their value for each day that they are late. The term-test and the final examination, which is comprehensive, will be based on the lectures, assigned readings from the textbook, and assignments.

Make-ups

Make-up tests are never given without a legitimate reason. The student is required to present a medical certificate if a test is missed due to illness. (A death in the immediately family is usually considered the only other legitimate excuse.) The certificate must state that, *in the physician's opinion, you are unable to write the test*, not just that you were examined for a complaint. **Do NOT phone your instructor or a TA concerning missed exams.** Certificates are to be given to the invigilator at the time of the make-up. Make-up mid-term tests will be given at **5:00 pm on the Wednesday of the week following the original date** of the exam. On the day of the make-up, the location of the test will be posted on the office door (S-638) of Dr. Bors. If the make-up is also missed for legitimate reasons, a grade will be assigned based on the student's performance on the final exam. Make-ups for the final exam are entirely the responsibility of the College's Subcommittee on Standing.
