

The Synaptic Organization of the Brain (NROC69H)

Dr. Steven Duffy

Samuel Lunenfeld Institute, Mount Sinai Hospital

- Sept. 14: Principles of neural organization
- Sept. 21: The ionic basis of neuronal electrical activity
- Sept. 28: Synaptic transmission and integration
- Oct 5: The cerebellum
- Oct. 12: The basal ganglia
- Oct. 19: **Mid-term I (30%)**
- Oct. 26: The hippocampus
- Nov. 2: Synaptic plasticity and learning
- Nov. 9: The retina
- Nov. 16: **Mid-term II (30%)**
- Nov. 23: The thalamus
- Nov. 30: The cerebral cortex.

Final exam 40%
